M. C. RUSSELL CO.

The Seminary Girl.

Much of the fun in "The Seminary Girl" lies
in the lampooning given the craze of Ameri-
cans to wed members of the nobility; the cry
of "My Kingdom and my dollars with my
daughter thrown in" is the keynote of one of
the well known characters of the piece, and
the incident of a fond father going to Germany,
buying a haron to wed his child and bringing
the German to this country, only to discover
this scion of an ancient family was already
married, actually happened but a few years
ago. It is the truth of the tale that stings.
Melville B. Raymond has taken great care to
secure a capable company as the well-balanced
snappy performance will bear witness. "The
Seminary Girl" is a comedy with music and will
be seen at The Washington Theater on the
evening of Wednesday, September 25th. The
advance seat sale is now on at Williams's.

Dr. J. B. Taulbee III at the Norton
Infirmary at Louisville

Louisville Herald.

The progress of a return trip to Maysville,
his present home, from the West, was ab-
ruptly ended Saturday afternoon when Dr.
Jackson Taulbee, a surgeon of note and well
known in the medical circles of Louisville, was
rendered seriously ill of intestinal trouble. He
suffered the acute attack on arriving in Louis-
ville, and was immediately taken to Norton
Infirmary, where an operation was performed
by Dr. W. T. Hayes.

His condition was reported to be much im-
proved yesterday, and only a few days in the
Infirmary is considered necessary to bring
about recovery.

He had just completed a tour over the West
and was returning to Maysville, where event-
ually he will set about making arrangements
for his departure from that city. He will
make Joplin, Mo., his home in the near future.

THE startling affidavit made public in reference to the murder of Senator WILLIAM GOEBEL, wherein Mrs. LULU EDNA CLARK, aged 23, of Indianapolis, declares that she and another young girl, GERTRUDE KING, of Maysville, were near the State House at Frankfort on January 29th, 1900, when GOEBEL was shot, bears all the evidences of probability, and, barring the lack of a corroborative witness, is the most plausible and convincing testimony yet brought to bear upon the case.

The evidence of Mrs. CLARK comes entirely unsought or unsolicited upon the part of CALEB POWERS and the others convicted on the charge of having caused or conspired to kill GOEBEL, and is also doubly important from the fact that if the affidavit be true, JIM HOWARD, HENRY E. YOUTSEY and all the other Republicans, in Jail and out of Jail, charged with the murder of the scheming Senator from Covington, are perfectly innocent of all connection with the crime and establishes clearly the contention of Governor W. S. TAYLOR, CALEB POWERS and all the other Republicans at Frankfort on that unhappy occasion, that there was no political conspiracy to do up GOEBEL.

NOW Mrs. CLARK swears that TURNER IGO and JOHN SANFORD did the shooting. IGO, who was from Rowan county, is dead; JOHN SANFORD is a son of JOHN SANFORD, whom

WILLIAM GOEBEL murdered at Covington in 1895.

GERTRUDE KING, who Mrs. CLARK says was her cousin and was with her at Frankfort, was a well-known Maysville girl. She died in Cincinnati January 2d, 1906, and was buried here, where her father still resides.

However deep the mystery grows concerning GOEBEL's death, the matter of CALEB POWERS' innocence grows stronger as the days go by, and the fact now stands out clearer than ever before that POWERS is being held in political captivity simply to further the success of the Democratic machine at Frankfort, headed by Governor BECKHAM and assisted by his lieutenants, PERCY HALEY, S. W. HAGER, the Hargises and a dozen others who only win by dishonest scheming and a prostituted ballot.

Kentucky is the worst governed state in the Union—Courier-Journal.

MISSOURI is now nearly half prohibition and bids fair to join Old Kentucky in the water wagon stunt.

At Williamson, West Virginia, a woman whose husband was a Jurymen sitting in the murder trial of MOSES EVANS, charged with killing his sweetheart, BELLE KIRK, met him while the Jury was out for a walk and remarked: "Hang the man and come on home." The verdict was set aside.

ENTRANCED.

Soon after his first baby was born his wife went upstairs one evening and found him standing by the side of the crib and gazing earnestly at the child. She was touched by the sight, and softly she threw her arms around his neck as she rubbed her cheek caressingly against his shoulder. He started slightly at the touch.

"Darling," he murmured dreamily, "it is incomprehensible to me how they can get up such a crib as that for 99 cents."

GOOD NEWS.

Many Maysville Readers Have Heard It and Profited Thereby

"Good news travels fast," and the thousands of bad back sufferers in Maysville are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is had no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy.

Here is an example worth reading: John Wallingford, living, at the corner of Commerce and East Second streets, Maysville, Ky., says:

"I first procured Doan's Kidney Pills in 1899 and they stopped an attack of backache which had annoyed me for some time. My wife at that time gave for publication in our local papers a statement telling of the great benefit I had derived from Doan's Kidney Pills, and now, some five years later, I can say that the cure then effected has been complete and permanent. My back and kidneys have never given me the least cause for complaint. Mrs. Wallingford also appreciates the value of Doan's Kidney Pills from personal experience with them. She suffered most acutely with backache, especially at night, and Doan's Kidney Pills promptly and thoroughly cured her."

For sale by all dealers. Price 50 cents a box. Foster-McLure Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Police Court.

Clarence Clark, a scion of a noted Bracken county family, was up in the Police Court Friday on a charge of drunkenness and was fined and costed \$5.00, which he paid with a check. On being released he proceeded to tank up again and becoming hoisterous he was re-arrested and arraigned before Judge Whitaker who gave him another dose of \$6.50, and being unable to liquidate with the coin of the realm, he was committed.

SOLDIERS' REUNION

Old Boys in Blue Gather at Maysville Tomorrow—Ranks Thinning

The annual reunion of the Tenth Kentucky Cavalry and Sixteenth Volunteer Infantry will assemble in this city tomorrow, the business meeting and exercises being held in Grand Army Hall, Cox Building.

The attendance at the annual reunion of these two gallant regiments grow less in numbers as the years go by, their ranks having been thinned out by the Grim Reaper until now there is but a Corporal's guard of what was once a magnificent body of men.

Nothing is too good for a veteran soldier of the Civil War—he be Federal or Confederate—and when the gray and scarred remnant of a once vast host gather here tomorrow, extend them a glad hand and a cordial greeting, for soon the last one of them will have crossed over the river and joined the silent bivouac of an immortal host together with Grant and Lee, the great Commanders.

Hang your banners on the outer wall and bid them thrice welcome to our city.

The Pittsburgh harbor is now well supplied with towboats and barges.

The big Sprague has reached Louisville, just back from a trip to Southern waters.

All of the packets entering Louisville had a big business last week on account of the State Fair.

Nearly every steamer around St. Louis is being repainted in honor of President Roosevelt's coming.

The three barges of coal stranded on Rising Sun bar by the Harry Brown have been pulled off by the Ironsides.

Mississippians who will attend the waterways convention at Memphis on October 4-5 will live on the steamer S. S. Brown while at the Bluff City.

The Cincinnati Chamber of Commerce appointed Paris C. Brown as a delegate to the waterways convention to be held at Memphis next month.

Vice President Fairbanks, in his speech at the State Fair at Louisville last week, said the Ohio river is a bond of union and of strength between Indiana and Kentucky.

The water is so low in the Monongahela river that packets experience trouble in landing. While the stage is low several boats will be placed on the docks for repairs.

Pittsburgh was unusually fortunate at the recent convention of the National Board of Steam Navigation. Captain James A. Henderson was elected President and J. Frank Tilley was re-elected Treasurer.

It rarely happens that a tow leaving on a rise is overtaken and left on the ground, but this is what happened to a part of the coal fleet, south bound, which left Pittsburgh. Fog caused several boats to tie up, and in the meantime the crest of the rise passed the boat.

The United States snagboat E. A. Woodruff, in command of W. H. Christian, is on her way from Cairo to Cincinnati. The Woodruff on her way from Cincinnati to Cairo, pulled 199 snags and on her way back has pulled 178. The boat has devoted one month to this trip.

New compound machinery will be put on the steamer Avalon at Marietta by James McConnell. Captain Roe will make some changes in the Avalon, which will be an innovation on Ohio river packets. He will have only one chimney on the boat, with pilot house forward of the chimney, which will be about the center of the boat, similar to the style of a lake steamer. The one chimney will cause a better draft and make steam much easier. Captain Gordon C. Green's new boat that will have the Stanley's machinery will be a one-chimney steamer.

Clarence Lotz accused of firing the Courier-Journal Building will be tried by a lunacy commission Friday.

If you have an item of news, please call up The Ledger, Telephone 33, and let us have it.

The funeral of Rev. Carey Smathers, colored, at Versailles Sunday was probably the largest colored funeral ever seen in Kentucky. 5,000 persons were present and special trains were run.

The interurban railway line between Versailles and Frankfort will most probably be completed this week. When completed, passengers can then go all the distance from Lexington to Frankfort on the interurban cars.

Yellow Ribbon Fair!

And every Kentuckian is invited to visit his Buckeye friends. Under new and liberal management this Fair is almost as much of Maysville as an Aberdeen institution. The citizens of Maysville have contributed largely in cash to secure success, and many are expected to contribute to the display in the New Floral Hall. Hundreds of premiums for exhibits of Art Work, Flowers, Old Time Furniture, Pottery, Fruits and Poultry will be paid in cash, and many beautiful displays will be made by ladies on the Kentucky side of the river. A special prize to the LARGEST FAMILY, in point of numbers, is attracting much attention and the contest for this prize will be exciting and interesting; don't miss it. The Horse Show will be the finest seen in this part of the country this year. The very liberal premiums have attracted the very best horses in a half dozen counties. The grounds will be crowded with small attractions. There will be delightful music, and all combined to furnish Maysville and vicinity a thoroughly enjoyable holiday.

PRESIDENT STEVENS

Of the C. and O. Hands Out Optimistic Talk—Double Tracks To Be Completed

George W. Stevens, President of the Chesapeake and Ohio Railroad, is not much of a calamity howler. Statements made by him in Cincinnati Thursday, to The Times-Star, are in pleasant contrast to statements made by some railway managers who believe the country is in distress on account of the "Governmental persecution."

Mr. Stevens does not deal in pessimistic generalities, but in optimistic details. For instance, he was asked how much further, in his opinion, the abandonment of large operations by railroads would go, and what effect it would have on the country in general.

"Why," said Mr. Stevens promptly, "I believe it has reached its limit already." And then to show that a favorable reaction had set in, at least so far as the Chesapeake and Ohio is concerned, Mr. Stevens said that his company resumed operations which had been canceled when the first scare came on. He particularized by saying that this week he had approved an order for the completion of twenty-five miles of double track, work on which had been temporarily abandoned.

"I do not see anything dangerous nor alarming in the slight falling off in business, noted here and there," said Mr. Stevens. "So far as the Chesapeake and Ohio is concerned, we are not losing any business at all, and as to the slump in the business of the steel mills, car shops, locomotive shops and so on, I think the let-up is a healthy thing. The shops are away behind orders. The drop in business will permit them to catch up in their orders and bring about a generally improved situation."

President Stevens coincides with the views of Interstate Commerce Commissioner Knapp, who has gone on record as saying that the Sherman Anti-trust law, so called, defeats the purposes for which it was passed. "Mr. Knapp's views seem to me perfectly sound," said Mr. Stevens. "Mr. Knapp is considered to be a friend of the public, and not of the railroads. Therefore, his views are, I think, free from any prejudice. Pooling by railroads to a large extent, means even rates between common points. It does not necessarily mean a

division of actual business in sight. The former is actually in effect now. Mr. Knapp's observation that the traffic associations should be legalized, but held within the control of the commission, is sound in principle, and what the far-seeing man advocated a long time ago. I am sincere in the belief that there is a more sane and fair-minded condition coming over the country at large. The pendulum of prejudice and unfairness had swung a long distance in its aggressive sweep. It will take some time for it to swing back toward conservatism and fairness, but there is no doubt that it has started."

Asked concerning improvements in the Cincinnati district, Mr. Stevens said there were no large expenditures in sight. "We hope though," he said, "to come to some amicable agreement regarding the abolishment of grade crossings in Covington. Our business is growing, and the streets will have to be protected. But as a matter of fact," added Mr. Stevens, laughing, "I do not think our crossings are nearly as dangerous as the public streets with their great number of flying automobiles. I had rather take my chances on a railroad crossing."

FIFTEEN YEARS OF ECZEMA

Affected Hands, Arms and Legs—Endured Terrible Itching and was Unable to Sleep—Would Tear the Bandages to Scratch the Skin—In less than One Week

CURED BY THE CUTICURA REMEDIES

"I had eczema nearly fifteen years. The affected parts were my hands, arms and legs. They were the worst in the winter time and were always itchy, and I could not keep from scratching them. I had to keep both hands bandaged all the time, and at night I would have to scratch through the bandages as the itching was so severe, and at times I would have to tear everything off my hands to scratch the skin. I could not rest or sleep. I had several physicians treat me but they could not give me a permanent cure, nor even could they stop the itching. After using the Cuticura Soap, one box Cuticura Ointment and two bottles Cuticura Resolvent for about six days the itching had ceased, and now the sores have disappeared, and I never felt better in my life than I do now. Edward Worell, Band 30th, U. S. Infantry, Fort Crook, Nebraska."

The most torturing and disfiguring humors, eczemas, rashes, itches, irritations, and inflammations of the skin, scalp, and blood, with loss of hair of infants, children, and adults, are instantly relieved and speedily cured by the Cuticura Remedies, when all else fails.

Complete External and Internal Treatment for Eczema of Infants, Children, and Adults consists of Cuticura Soap (25c) to cleanse the skin, Cuticura Ointment (50c) to heal the skin, and Cuticura Pills (50c) to purify the blood.
